

Bee Smart[®]

D E S I G N S

Ultimate Hive Cover

COVER WILL SUPPORT HIVE BODIES WHEN TURNED UPSIDE-DOWN PROVIDING A CONVENIENT PLACE TO REST HIVES ON GROUND WHILE WORKING HIVES.

Discover the better looking, self-ventilating, insulated telescoping hive cover with integral drip edge to keep hive drier for healthier bees. You'll never need another cover.

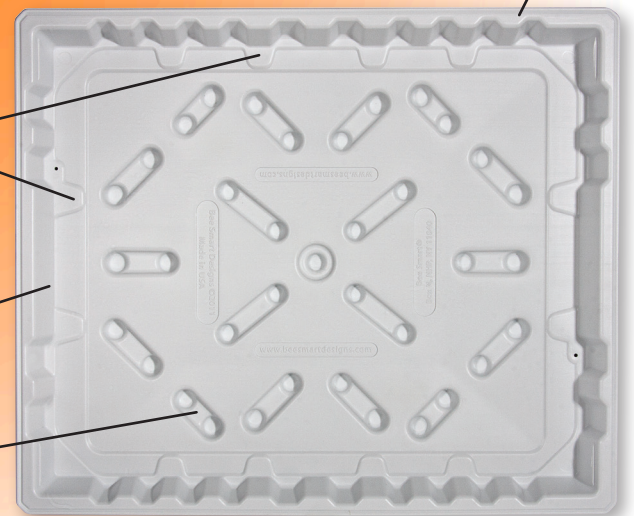

LIGHT COLOR AND DOUBLE WALL CONSTRUCTION KEEPS HIVE WARMER IN WINTER, COOLER IN SUMMER FOR HAPPIER BEES.

REINFORCED ROCK SPOT HOLDS ROCK OR BRICK TO KEEP COVER SECURE.

DRIP EDGE SHEDS WATER. HIVE STAYS DRIER AND LASTS LONGER.

Inside View of Cover

INTERNAL RISERS PROVIDE PASSIVE VENTILATION FOR HEALTHIER BEES AND IMPROVED HONEY YIELD. PREVENTS ROBBING.

TOP ENTRANCE BLOCKER. SLIDE COVER TO EXPOSE OR CLOSE UPPER ENTRANCE ON INNER COVER.

EXTRA DURABLE DOUBLE WALL CONSTRUCTION KEEPS COVER RIGID.

FITS 10-FRAME HIVES OR 8-FRAME HIVES WITH FREE ADAPTER
